

Requesting a Ph.D. Warrant

Name (last, first, middle initial)

Campus ID#

NetID

Expected/anticipated defense date (must be at least 3 weeks after date of request)

Dissertation title (character limit of 128 including spaces)

Identify your committee members by: Name (last, first, middle initial); NetID (campus emails without @wisc.edu - full emails for non-UW); Title; Department (and external institution of non-UW); and indicate Advisor, Co-advisor, and/or Reader Status*

**Readers: Committee members who commit themselves to closely reading and reviewing the entire dissertation. The rationale for specifically designating non-reader status is to facilitate faculty participation in dissertations without automatically expecting the level of commitment associated with deeply engaging a PhD thesis. Given faculty workloads, designating a non-reader in some cases may permit faculty participation where engagement would otherwise be impossible. If the Graduate School minimum of at least three committee members that are readers is upheld, programs will remain in compliance with Graduate School policy. Programs may choose to have stricter requirements.*

Email completed form to the Geoscience Graduate Program Manager at least 3 weeks before your anticipated defense date
